## PRODUCT OVERVIEW

This system is available in 5.5HP or 9HP motor options. Designed to run easily for long hours, this model is perfect for contractors, councils and just about anyone who is serious about their spraying.

As with all Intelli-Spray® Remote Control Retractable hose reels, this unit will rewind, this unit will rewind the hose whenever a button on a small hand held transmitter is pressed. The retraction is very powerful, and is strong enough to assist the operator up steep slopes if required.

## FEATURES

### UV STABILISED TANK

The UV resitant tank is moulded for maximum heat protection and comes in tank sizes ranging from 200-2000L. Easily fitted with sight gauge to show the water levels.

### CUSTOMISEABLE TO SUIT YOU

Customise your unit with lifting bars, engine meters, fast fillers, boomless jets and fire reels to make spraying faster and easier.

### DURABLE & ROBUST CONSTRUCTION

The tough galvanised framework is chemical and rust resistant, avoiding rust for years to come. The 3-point-linkage framework attaches easilyto your tractor, with a robust baseplate that stabilises the unit when lowered to the ground.

### POWERED BY HONDA & BERTOLINI

Powered by an efficient, reliable Honda motor, you have the option of selecting a 5HP or a 9HP engine for your spraying needs. Coupled with a reliable Bertolini pump, you can customise your pump and motor requirements.

*Available in multiple tank colours*
