CUSTOM TRAILER SPRAY SYSTEM

THE INTELLI-SPRAY DIFFERENCE:

- 30 YEARS EXPERIENCE
- SAVE TIME & MONEY
- REDUCE FRUSTRATION
- IMPROVE SAFETY
- AUSTRALIAN MADE
- REMOTE TECHNOLOGY
- SUPA-SLIP HOSE
- HEAVY DUTY
- CUSTOMER CARE

PRODUCT OVERVIEW

The fastest, easiest way to manage weeds, the Intelli-Spray Spray Trailer will cut your spray time by 50%.

With remote controlled reel retraction, it'll save you time and effort by rewinding the hose for you, with the simple press of a button on a hand-held transmitter.

Our single axle DuraGal mutli-purpose flatbed trailer accomodates a full 9TBE twin reel system, with tank sizes up to 1000L.

The heavy-duty rated axel is suited to off-road terrain, and has even weight distribution for safe towing.

FEATURES

CUSTOMISABLE TO THE WAY YOU SPRAY

The UV resitant tank is moulded for maximum heat protection and comes in tank sizes ranging from 200-1000L. Easily fitted with sight gauge to show the water levels.

MANAGE STUBBORN WEEDS WITH EASE

Simply hook up the trailer and head out to spray. With twin reels, two operators can work independently of each other, as each reel has it's own radio frequency. This inceases productivity where large amounts of area need to be covered in the shortest amount of time. With a hand-held nozzle, the spray is targeted on only selected vegetation, reducing chemical usage.

SAFE, DURABLE & COMPLIANT

Available with manual or electronic braking system, the low centre of gravity provides added stability while towing when the tank is full.

RELIABLE, QUALITY CONSTRUCTION

Designed, fabricated and assembled in Australia, the heavy-duty construction is suitable for tough, off-raod use, with reinforced galvanised chassis for maximum strength and longevity. ATM rated to 1995kg.

SPECIFICATIONS

CUSTOM TRAILER

	CUSTOM TRAILER
ENGINE	9HP HONDA OHV MOTOR. 10 AMP ELECTRIC CHARGE COIL
PUMP	BERTOLINI PA430 OR PA730 PUMP (54 & 74L/MIN | 54gal & 20gal/MIN 580 PSI MAX)
